

“Generosity of Spirit”

March 17, 2016

Generosity of spirit comes in all forms at BUF. We see generosity of spirit in our interpersonal interactions. Still more, though often subtle, is in the way we relate to the world around us. Then of course there’s the financial generosity that enables us to make our thoughtful programs accessible to BUFsters and beyond.

This past year we received 217 financial pledges (some from individuals, some from households) totaling \$319,000. The average pledge was \$1,470—with a range from \$5 per month to nearly \$1,000 per month.

In the cloud below, the size of each number corresponds to the frequency of different pledge amounts. Clearly, every contribution counts. Thanks so much for your ongoing support!

Peace,
Paul
